## Description

Once we have your artwork we are ready to place that next to a subject section of your choice – and your association will be marketed to all our media owners through our own CRM systems. As soon as your content becomes available, hundreds of editors will hear about it. We can also write content that is relevant to your marketing campaigns. This is not PR but a sophisticated method of attracting likely customers, through content that is appropriate to them. Costs start at just £6.5K for three months' exclusive sponsorship of one section on Blogsonweb with discounts available for multiple or long term sponsorship. Speak to our team for further details
