

FlexPak Leak Detectors

380 Vansickle Road, Unit #670
St.Catharines, ON L2S 0B5
United Kingdom

Phone: 2899684138

FlexPak Inc. is a leading manufacturer of professional leak detection equipment and package testing systems serving manufacturing industries worldwide. Based in St. Catharines, Ontario, Canada, FlexPak specializes in advanced leak detectors that pinpoint packaging leaks in 30 seconds or less, helping companies prevent costly recalls, protect brand reputation, and ensure product integrity. With over 25 years of industry experience, FlexPak offers ASTM-compliant testing solutions including bubble emission testing, altitude simulation, and comprehensive package seal verification systems. Our leak detection technology serves food packaging, pharmaceutical, medical device, and manufacturing sectors globally, providing 24-hour support and custom testing protocols to meet specific industry

requirements. Website:
